Dear Sir:

Your letter to Mr. George H. Blake has been referred to me for reply. I am sorry that this reply has been so long delayed. I have been looking for a copy of "The Coin Book" published by Lippincott in 1872 about which you write, but anything issued so far back as this is not easy to obtain. Should I learn of a copy, I should be very glad to call it to your attention.

Regretting the delay in responding to your inquiry, I am,

Yours very truly,

Secretary & Librarian.

P. S. I have just learned that a dealer in the City, R. Kohler, 70 Fifth Avenue, New York, has a copy of this book dated 1878 for which he asks two dollars. If you desire it, you can communicate with him directly.
